I'm so excited to be partying with you and your friends. Here are some tips to help make your Facebook® party as successful as possible.

- **Invite your Facebook friends** by calling, texting, emailing, or sending a private message through Facebook. Ask them to “bring” a friend.
- **Share, and share often.** Let your friends know that you're hosting a Pampered Chef party on Facebook. Email, text, or share on your Facebook wall the show link for those who might not be able to attend, but still want to place on order.
- **Collect outside orders** from your friends who are not on Facebook. These could come from coworkers, teachers, neighbors, etc.
- **Create your Wish List.** Browse products online and add them to your list. We'll work together to get the guest sales you need so you can get everything on your list for free, half-price, or at a discount.
- **Have fun and enjoy the party!** During the party, make sure you are commenting on and liking all the posts. Interact with your friends by liking and commenting on their posts as well. The more interactive the party is, the more fun it will be for you and your guests.

*let's have some fun!*
